Saturday 5 July 2025

10.00am – 1:00pm	Field Trip 1: Inner Newcastle Working Tour Cost: Free (Limited Space)
------------------	--

Location: Arrive at Nuspace by 10:00am

Come for a walking tour of the of Mulubinba, inner Newcastle including the Hunter St shopping strip, Yohabba (Newcastle Harbour) and Whibayganba (Nobby's Headland). The tour will discuss aspects of Inner Newcastle's regeneration and connections between the harbour, the rail line and the port. The tour will involve at least 5kms of walking on mostly flat ground.

9.00am – 2.00pm	Field Trip 2: Balancing Sand and Values along Newcastle's Spectacular Coastline Additional Cost: \$75 (includes lunch)
-----------------	---

Location: Arrive at Nuspace by 8.45am

The journey north along Newcastle's coastline starts at the famed Merewether National Surfing Reserve, heading up over The Hill – where prestigious houses perch atop the Newcastle Coal Measures, to Fort Scratchley and its commanding views over the city and Port of Newcastle, and finally stepping across the Hunter River to the shifting sands of Stockton Beach. Along that brief tract of geography lies the origins and fortune of an Australian industrial powerhouse, a world-record holding seaport, a recreational wonderland, and evidence and impacts of the accumulating advances of global and local pressures on coastal environments. This field trip explores the diverse and contrasting geomorphology of the Newcastle coastline, connecting the physical geography and deep geological origins to the evolving challenges for communities in dynamic coastal settings, faced with a changing climate and persisting consequences of human interference in coastal systems. Our final stop and picnic lunch at Stockton Beach digs into colliding local, state and national values around one of Australia's most topical coastal erosion problems, which ironically, lies in full view of one of Australia's largest natural coastal sand deposits.

8.30am – 2.00pm	Field Trip 3: The Yuelarbah Walking Track Tour Additional Cost: \$75 (includes lunch)
-----------------	--

Location: Arrive at Nuspace by 8.15am

Please Note: This is a medium Grade 3 walk, mainly flat formed track but with some short steep hills. It is a 6.8kms round trip. Please bring a hat, enclosed walking shoes, water and sunscreen.

Part of the Great North walk that stretches 250km from Newcastle to Sydney, the Yuelarbah walking track is one of the highlights of Glenrock State Conservation Area. The scenic track leads you along Flaggy Creek, through wet gullies and coastal rainforest. About halfway along you'll find Leichhardt's lookout which offers excellent views over Glenrock Lagoon where we will be stopping for an early lunch. The half-day field trip will be led by National Parks and Wildlife Rangers.

9.30am – 5.30pm	Academy Of Sciences
-----------------	----------------------------

Location: X803
